Eastside NETWORKERS

Eastside Networkers is a community of professionals who are dedicated to helping each other achieve business goals in a non-competitive atmosphere.

What we offer!

Are you looking to grow your business in Bellevue, Kirkland or elsewhere on the Eastside of Seattle? Is business networking part of your marketing plan? The Eastside Networkers could be a smart choice for you!

Eastside Networkers was founded to provide trusted business referrals to members of our various professions. We meet regularly to share leads, ideas, and other information.

As a member of this group, you will build a network of peers who know about you, your products and services. People much prefer doing business and referring business to friends rather than to strangers. Our atmosphere of mutual support helps us all to develop and promote our individual businesses.

Exclusivity...

Membership is limited to one individual per profession or business. This offers exclusivity for members and a quaint environment specifically geared to networking. Most chambers of commerce, service clubs, or other networking opportunities do not offer exclusivity. At Eastside Networkers you will not have direct competition within the group.

What are meetings like for us?

It's not just a breakfast or a lunch where everybody meets and greets each other, we have a regular program to help us be productive and finish on time:

- **Meetings start on time at 7:30am** every other Thursday Members usually arrive earlier to enjoy breakfast and network with others.
- **"Commercials"** Every member gets 30 seconds to speak and tell us about their business. It's amazing what you can learn about a member's business in 30 seconds! Especially when you hear it at every meeting.
- **Speakers** At each meeting, 3 members give a 7 minute presentation to the group. Here is where you can share your passion and educate us about some aspect of your business. An officer keeps time so our 3 presentations finish on time.
- **Business Exchange** As the hour winds down, we take time to say "Thank You" for referrals and the great service by other members.
- **Meetings end on time at 8:30am**

We have a little fun...

It's not all business. The congenial atmosphere and good humor makes this meeting a great way to start your day. We also plan one or two social events a year and guests are welcome.

Be our Guest...

Be our Guest at any one of our meetings! We will buy your breakfast and you will have an opportunity to tell us about your passion and your business at the beginning of the meeting. After that...you will probably want to join!

What does it cost?

Dues are nominal, currently \$50 per year plus \$80 per quarter to cover our costs for meeting space and breakfast. Since we are not part of a national organization, and our board is made up of volunteers, our membership cost is very modest.
